evy.haan@gmail.com | Seattle, WA

Objective
While working as a software engineer focused on frontend development, I discovered a passion for using thoughtful language to connect with people, ease friction of using technology, and create more human user experiences. I completed a professional certification in UX Writing toward pursuing new opportunities in the content design field.

Highlighted Projects
UX Writer, Student | Handshake App   Jan 2022
- Developed content strategy deliverables for a fictional business management application
- Conducted a competitor analysis
- Developed a product persona, voice and tone schematics, and a style guide
- Documented design decisions, versioning, and maintained a project board

Professional Experience
Software Development Engineer II | Xevo Inc.   Nov 2019 – Jul 2021
- Developed user-interface features on a connected-car infotainment platform (Kotlin, Java, JavaScript)
- Collaborated with Product Managers, Designers, Engineers, and QA
- Participated in design implementation strategy and limitation discussions, ticket grooming, and code reviews
- Contributed to a library of reusable UI components that helped UI/UX consistency, maintainability, and efficiency
- Documented custom UI component description and usage
- Added multi-branch ci/cd pipelines to enable feature testing and validation
- Learned workflow tools, frameworks, and languages while contributing to ongoing app and library development
- Worked in a fast-paced, highly-iterative timeline to deliver customized demos on tight deadlines

Software Engineer, Contract | DashBento   Aug 2019 – Dec 2019
- Participated in user story creation, feature development, and code review on a remote team
- Developed front-end components and relational database models (React, Python)

Executive Assistant | Pioneer Human Services   Feb 2018 – Oct 2018
- Previewed documents, compiled reports, facilitated scheduling for the department VP
- Worked with cross-divisional and cross-discipline teams to meet competing deadlines

Administrative Assistant | Pioneer Human Services   Mar 2016 – Feb 2018
- Liaised on-the-ground details for the International Community Corrections Association annual conference
- Managed corporate files including 65+ vehicles, 250+ drivers, and archives for 20+ unique programs
- Implemented employee recognition rewards program for 1000+ state-wide employees
- Assisted admin team in supporting clients exiting incarceration, company employees, VPs, and C-level managers

Supported Employment Specialist | Trillium Employment Services   Nov 2014 – Oct 2015
- Discussed disability employment with community businesses
- Created and conducted vocational skill & interest assessments
- Coached a caseload of 8-12 clients in interview preparation
- Communicated goals & progress reports with clients, supervisors, guardians, and case managers
